Co-curricula Program 2018

At Stuartholme through our co-curricula activities, we are united in articulating to the girls the aim of 'learning taking place outside of the classroom' and always assisting them to discover, develop and value their talents, as well as allowing them to grow in self-confidence through varied learning experiences outside the classroom.

We believe that the physical and social growth of each student is an integral part of school life. Coupled with the educational program, this enables our students not only to become integrated women of faith but also to develop spiritually, mentally, physically and emotionally.

The strategic goal of our co-curricula program is to best position the co-curricula activities into the future, while ensuring that its management and direction is in line with the philosophy of the Society of the Sacred Heart.

It is important that the girls make informed decisions about which activities they might want to do and also, that activities are balanced over the school year. Students need to weigh up their ability to commit fully to their chosen activity whilst meeting the demands of their academic studies.

The intention of this handbook is to inform parents and students of the co-curricula options and opportunities available. The co-curricula Program falls into the following areas:

- Sport
- Arts
- Enrichment Programs

We hope that most questions regarding the School's co-curricula calendar, relevant costs and commitments will be addressed in this Handbook, as well as alerting students and parents to the necessary choices they will need to make.

We trust the girls' co-curricula involvement in 2018 will be enjoyable and rewarding.

Mrs Louise Jackson
Co-curricula Director

Co-curricula Sports Program

The philosophy underpinning our sporting program at Stuartholme is:

- the belief that Stuartholme is a strong sporting school;
- that students will perform to the best of their ability;
- that all sports at Stuartholme should enjoy equal status;
- that experienced coaches be provided for all sports;
- the expectation that all students commit fully to train and play in any sport they are involved in;
- that students compete fairly and uphold the principles and spirit of the School at all times;
- that the School will endeavour to provide a well organised sporting program with clear policies, procedures and governance;
- that risk assessments for all sports will be carried out;
- that Parent Support Groups will be established if appropriate, to support the work of the School and to provide support to the students.

There is a wide range of sports from which to choose, catering to all abilities and for those wishing to compete both competitively and socially as well as those who may wish to learn a new skill that they can take with them when they leave the School.

From our School-based carnivals in Swimming, Cross-Country and Athletics, students can be selected to represent Stuartholme in the Catholic Schoolgirls Secondary Sport Competitions. This is an honour and we would hope each student selected will make every effort to fulfil the requirements of her selection in any of these teams.

Students are encouraged to be involved in a range of sports but should take care when selecting their sporting preferences as a number of our sports have overlapping seasons.

In determining which sporting co-curricula activities students undertake, parents are asked to give careful consideration to the combined impact of these activities on curriculum learning outcomes. The first priority of each student must be to her academic curriculum. In addition, students must fully commit to each activity, which means attending all training sessions and games.

Sports Coordinators:
Mrs Charmaine Ferguson
Mrs Kat McMMain

Stuartholme competes in CaSSSA Tennis on Saturday mornings in Terms 1 and 2 against all 15 schools.

Other Weekend Sporting Affiliations:

We are involved at weekends in the following:

- BWPI Brisbane Water Polo Incorporated
- IEQ Interschool Equestrian Queensland
- BSRA Brisbane Schoolgirls' Rowing Association
- DPNA Downey Park Netball Association
- BMTA Brisbane Metropolitan Touch Association (Thursday evening)

The School is a member of the Metropolitan West Region and within this for Regional Sport, we are members of the Northern Eagles District. This is the pathway into School-based State and National competition.

Team Selection

Teams will be selected through trials. It is the School's policy to try to accommodate all girls who trial for teams into a team where possible. To ensure that all students are given equal opportunity, in most instances at least two trials will take place. Teams will be chosen by coaches and/or teachers with knowledge of that sport. Selected players will demonstrate the highest levels of skill, qualities of fair play and sportsmanship, and will best meet the objectives of the coach. In some sports such as swimming and athletics, selection will be based on performance and attendance at pre-competition meets and at training as well as the above criteria.

Team Training

Training will take place either before or after school depending on the availability of coaches and venues. All training sessions are compulsory and students should be punctual and in full sports uniform. If students are unable to attend training, they need to provide a note from their parents to

the Sports Coordinator. Absence from team training may mean reduced playing time during competition games.

Parental Involvement

Parents have the opportunity to support the sporting program on a number of levels, either by spectating, coaching or managing a team, or by becoming a member of a Parent Support Group.

Parent Support Groups

The mission of the Support Groups is to work in partnership with the School to enhance the co-curricula experiences of the girls through the support of the activity. At present there are a number of support groups operating.

Cost

Whilst the School makes a significant contribution to the sporting activities, a fee will be charged to all parents. These fees go towards sporting levies and affiliation, coaching, umpiring, and some administrative costs.

Uniform

Students must wear the correct sports uniform as specified for their sport or they will not be permitted to take part in the game. Students must also travel to and from games in the appropriate uniform and wear the School tracksuit or hoodie. No casual attire or bag is permitted.

Coaches

Stuartholme teams will be provided with knowledgeable and competent coaches to the extent of our ability to attract such coaches. Our preference will be to employ at a minimum, badged coaches.

Sport Sign on

Sports sign-on is completed online through the School Portal. No student will be permitted to trial unless the School has receipt of their permission form and payment. Girls are only able to participate in co-curricula activities if their school fees are current, or they have satisfactory arrangement in place with the Finance Department.

Equipment

Equipment will be provided by the School, however each player must have and use their own water bottle and carry their own sunscreen. Use of mouth guards is recommended in all sports and in some, is compulsory.

Sport Information

Information outlining the requirements and commitment for each sport will be included in an information letter which will be uploaded to the School Portal. This, and any subsequent seasonal information will also be uploaded to the School Portal.

Choosing Sports

Students need to choose their sporting options carefully as a number of our sports seasons overlap. Students will not be able to leave or enter a sport mid-season. In some cases, students will have to make a choice, as places will not be held in teams for students. Only girls who attend trials will be eligible for team selection. Please see the Sports Overview Table on the following page highlighting those sports with clashing seasons. While it may appear some sports overlap it still may be possible to be involved in more than one, depending on when the games are played and on what days. However, girls still have to be able to commit FULLY to training for all sports should they take on more than one sport at a time.

- that risk assessments for all activities will be carried out;
- that Parent Support Groups will be established if appropriate, to support the work of the School and to provide support to the students.

There is a wide range of activities from which to choose, catering to all abilities and for those wishing to participate both competitively and socially as well as those who may wish to learn new skills that they can take with them when they leave the School.

Students are encouraged to be involved in a range of activities but should take care when selecting their preferences as a number of our activities may overlap.

In determining which co-curricula Arts activities students undertake, parents are asked to give careful consideration to the combined impact of these activities on curriculum learning outcomes. The first priority of each student must be to her academic curriculum. In addition, students must fully commit to each activity, which means attending all rehearsals and tuition sessions.

Director of Music

Music Ensembles

The Stuartholme Music Program offers a variety of ensembles to cater for all abilities. Rehearsals are held weekly, with additional rehearsals leading up to performances. Students are expected to make a yearlong commitment to ensure each ensemble runs effectively. In order to participate, students are required to sign a 'Code of Conduct for Ensemble Membership' which outlines the responsibilities and commitment required for the ensemble. Students involved in an auditioned ensemble in the co-curricula music Program must be actively engaged in weekly lessons – either at school or privately.

All ensembles participate in the Queensland Catholic Schools and Colleges Music Festival (QCMF) in August each year.

Ensemble Auditions

All co-curricula ensembles, except Joigny Voices and the Year 7 Choir, require a student audition to determine appropriate placement. Please note that many contributing factors are addressed in the placement of girls into ensemble activities. Availability of places, standard of performance, appropriate sight-reading skills and home practice, combined with regular attendance, punctuality, participation in rehearsals and all other events, will influence where the student may be best suited.

If a student is not selected for a desired ensemble, she is encouraged to audition later in the year or try again the following year.

Ensemble Levy

Ensemble participants are required to pay a flat fee of \$210 per annum. This nominal charge is to help defray some of the administrative costs involved in running the co-curricula Music Program. Please note that this charge is a flat fee of \$210, regardless of the number of ensembles in which students participate. This levy is non-refundable, either in full or in part, should a student withdraw from the ensemble/s during the year.

Inter-House Music Festival

Each year students have the opportunity to represent their 'House' at the Inter-House Music Festival. This Festival is traditionally held in Semester 1 and provides a showcase of the students' musical talent to the entire school community.

Students gain points for their House via performance at the instrumental and vocal soirees which are held throughout the year and by performing in an Ensemble at the Festival. These points are then added to the Choral Competition points for the overall winner. A very popular component of the Inter-House Music Festival is the 'Inter-House Choral Competition'. Music students and non-music students from each of the six houses collaborate to rehearse and choreograph a choral piece for this competition. A great deal of effort is put into set design and costuming.

Music Performance Dress Code

Before they begin to play or open their mouths to sing, performers have an impact as soon as they are in view of the audience. It is important that posture, appearance, an air of confidence and professionalism are evident and equal to the high standard of music performance. To this end, we are insisting upon a standard code of dress for performance.

Music Performance Uniform

All music students are required to wear the Music Performance Uniform for concerts and events as required throughout the year. This uniform is available from the Uniform Shop for \$120.00. Second hand uniforms may also be available for purchase from time to time.

Debating

Debating has a long and successful tradition at Stuartholme. Our students compete in the Queensland Debating Union (QDU) competition and our trophy cabinet attests to many successes over the years.

Debating requires commitment and is a challenging and worthwhile activity. It encourages the academic skills of critical, logical thinking and persuasive argument as well as the social skills of effective team work, all underpinned by the Sacred Heart Goals of a 'deep respect for intellectual values' and 'building of community as a Christian value'.

Debating runs through Terms 1, 2 and 3 for Years 8- 12 and is usually held on a Wednesday evening. The Year 7 students debate in the QDU Year 7 Debating competition which commences in late July and concludes in October.

There are four to five debaters in each team with teams in every year level. In Terms 1 and 2, debaters can expect one debate per month. Preparation will include one meeting per week with the coach plus individual preparation and research during the season. In the first half of Term 3, if the team reaches the Finals Rounds, there is one debate per week until the team is eliminated or reaches the Grand Final. Frequent meetings and individual preparation and research are required at this time.

In Term 4 we commence our pre-season preparation seminars and workshops and introductory debating sessions for our new debaters. Trials will be held as well for our senior debaters and teams are selected for the following season.

Cost

Annual fee per student is \$210 but may be subject to a small variation.

District Readers' Cup

The District Readers' Cup is an extension of the Year 7, 8 and 9 School Readers' Cup program. In the Readers' Cup competitions, students form teams of four and answer questions about a set of selected novels. The competition runs in a similar fashion to a trivia night, complete with puzzles, challenges and questions that earn the team points. The competition sees students challenged to demonstrate outstanding powers of recollection and comprehension, and is hotly contested at all levels.

At the school level, the Readers' Cup program is a compulsory part of the Junior School English curriculum. It culminates with a year-level final held at the end of Term 3. From this event, interested students can elect to try out for our District Teams. Our District Representatives then go on to represent Stuartholme School in the District Readers' Cup events in October.

For students in the Senior School, the Readers' Cup becomes an optional co-curricula activity. Students can enter a team in the Year 10 and Open (Years 11 and 12 combined) School competitions with the top two teams representing Stuartholme at District level.

Season

The School Readers' Cup is held during Terms 2 and 3. The District Readers' cup teams read their selected novels during Term 3 in preparation for the District Finals in October.

Justice, Peace and the Integrity of Creation (JPIC)

JPIC, was founded in response to the fourth Sacred Heart goal “to educate to a social awareness which impels to action.” The name reflects the social justice priorities of the rscJ who join with many religious institutions in the world in a commitment to justice, peace and the integrity of creation. Students are encouraged to seek to understand the causes of social injustice and to explore ways to respond practically and positively. JPIC aims to raise awareness of social justice issues, and communicate this awareness to the wider community through advocacy work and by giving voice to people and issues that have little voice in society. Examples of issues JPIC will focus on are homelessness, indigenous issues, asylum seekers and refugees, disability issues, environmental issues and justice for women. JPIC is open to students across all year levels.

Meetings

Fortnightly meetings occur at lunchtime on Tuesdays and are listed in the Student Calendar. Meetings may involve research into various issues and/or listening to guest speakers and presentations. There will be opportunities for various kinds of reflection, dialogue and action, including letter writing campaigns and student-led days of action.

Recognition

Members are encouraged to attend meetings and to take part in as many activities as possible.

There is also opportunity for members to be altar servers and Eucharistic Ministers in our celebrations.
