**Organisational Psychologist and President of the SSCA**

My name is Diane Therese Neve. I am an ex-student of Stuartholme, an Old Girl. I have my two daughters that are currently at Stuartholme and I've been a part of the School for forever.

Stuartholme has this most amazing educational philosophy - it's the goals of Sacred Heart education which is across all schools of the Sacred Heart. In a nutshell, it's all about being who you are, being truthful to yourself and respecting everyone else.

As you get older and start realizing and looking back at the really strong foundation you were given in this school, you realize that it's been with you the whole time. It's just been sitting there quietly underneath the area, letting it sort of bubble away quietly. Then now through into mid-life and my children are here, I'm realising that faith is coming through very strongly and it's extremely relevant to my world now.
