

Academic Achievements

Stuartholme School has enjoyed a long tradition of academic excellence. These achievements reflect the dedication and hard work of our teachers and students, and the quality of the teaching and learning opportunities provided at the school.

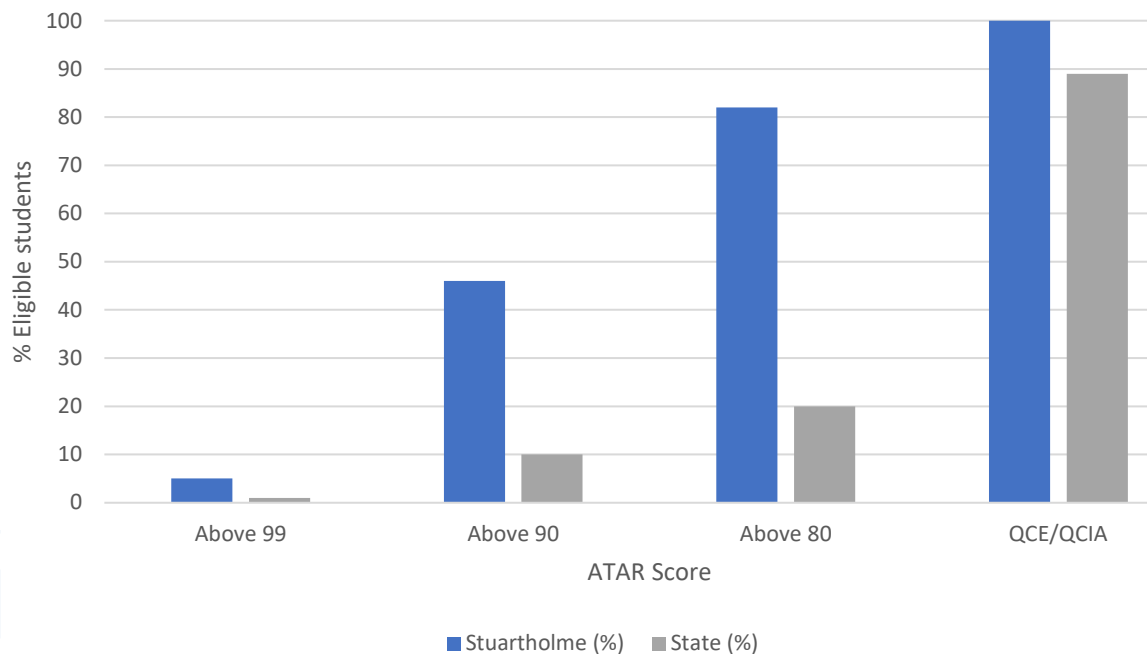

A fundamental principle of Sacred Heart Education is that all students have a right to be educated to their potential, encouraging each girl to be the best she can be. The best educational outcome for each individual student is always the main objective.

Our educational pathways acknowledge those students who participate in alternative study programs, ensuring their individual success and access to tertiary education. In 2020, 100% of the Year 12 girls attained a QCE, Vocational Education Certificate or school-based Apprenticeship/Traineeship.

2020 ATAR RANGE:

| ATAR Result | Stuartholme | State |
|--------------|-------------|-------|
