

STUARTHOLME SCHOOL

*International School of the Sacred Heart*

15 September 2023

Dear Stuartholme School Community,

Today we are thrilled to announce that Stuartholme School's application for a Ministerial Infrastructure Designation (MID) has received approval from the Department of State Development, Infrastructure, Local Government, and Planning (DSDILGP). This approval paves the way for the realisation of our future vision embodied in our bold new Strategic Plan being developed in consultation with the community for release in 2024.

The approved MID marks the commencement of an array of exciting projects within our future directions, including the eagerly anticipated Junior School Precinct.

The completion of the Junior School Precinct over the coming years will mark just the beginning of an exciting journey for our school, enhancing opportunities for accessibility to a Stuartholme Sacred Heart Education. And, as we move forward, support future sustainability through responsible stewardship of our resources and environmental footprint, ensuring our school continues to evolve and offer the best possible education to our students.

Securing the approval of the MID is a testament to the dedication and vision of our school community, and we are immensely proud to be a part of it. Together, we are building a brighter future for our students.

Thank you for your unwavering support and patience through what has been a long journey, and we look forward to sharing more exciting updates as we progress with these transformative projects. Our commitment to delivering excellence in education remains steadfast, and we are eager to see our school community continue to flourish.

Warm regards,

Daniel Crump  
Principal

Helen Spain  
Board Chair
