### INTRODUCTION

The purpose of Stuartholme School's Critical Incident Policy and Management Plan is to guide Stuartholme School staff so that they may respond in the most appropriate manner regarding Duty of Care, Workplace Health and Safety and expected responsibilities in the event of a critical incident.

The aim of this document is to manage the impact of critical incidents and to enable Stuartholme School to return to its normal routine as quickly as possible.

A critical incident is any situation faced by a school community that has the potential to interfere with its ability as a school to function. A critical incident may occur onsite or offsite anywhere at any time. This policy seeks to address only those issues/incidents that have a direct impact on a whole year group/house or the larger school community.

Critical incidents may take the form of natural disasters, severe accidents, violence, communicable health situations, criminal acts or death.
